Useful 1 2 3 4 5 Not Useful

5) Tobacco Related Consequences (such as smoking attributable deaths; cancer deaths; respiratory disease deaths; second hand smoke related; etc.)

Useful 1 2 3 4 5 Not Useful

6) Child and Family Health Consequences (such as infant mortality; child mortality; children in investigated families for abuse/neglect; live births where substance use was listed as a risk factor for mother; children diagnosed with FAS/FAE; etc.)

Useful 1 2 3 4 5 Not Useful

7) Persons Involved in both Public Mental Health and Substance Abuse System

Useful 1 2 3 4 5 Not Useful

8) Youth Consumption Patterns: Alcohol (such as past 30 day use; past 30 day binge use; heavy drinking; age of initial use; etc.)

Useful 1 2 3 4 5 Not Useful

9) Adult Consumption Patterns: Alcohol (such as past 30 day use; past 30 day binge use; heavy drinking; age of initial use; etc.)

Useful 1 2 3 4 5 Not Useful

10) Youth Consumption Patterns: Tobacco (such as current use; daily use; frequency of use; age of initial use; etc.)

Useful 1 2 3 4 5 Not Useful

11) Adult Consumption Patterns: Tobacco (such as current use; daily use; frequency of use; age of initial use; etc.)

Useful 1 2 3 4 5 Not Useful

12) Youth Consumption Patterns: Illicit Drugs (such as past 30 day use marijuana; cocaine; inhalants; heroin; methamphetamine; club drugs; age of initial use; etc.)

Useful 1 2 3 4 5 Not Useful

13) Adult Consumption Patterns: Illicit Drugs (such as past 30 day use marijuana; cocaine; inhalants; heroin; methamphetamine; club drugs; age of initial use; etc.)

Useful 1 2 3 4 5 Not Useful

14) Youth Prescription Drug Use (such as past 30 day taking prescription drug without a doctor's prescription; taking steroids or shots without a doctor's prescription; by type of drug; etc.)

Useful 1 2 3 4 5 Not Useful

15) Adult Prescription Drug Use (such as past 30 day taking prescription drug without a doctor's prescription; taking steroids or shots without a doctor's prescription; by type of drug; etc.)

Useful 1 2 3 4 5 Not Useful

16) Community Demographics (such as population density; uninhabited houses; population not registered to vote; net migration; existing home sales; home ownership rates; etc.)

Useful 1 2 3 4 5 Not Useful

17) Availability of Drugs (such as street prices of drugs in local community; alcohol retail licenses; tobacco retail stores; ease to obtain alcohol, cigarettes, and marijuana; youth reporting illegal exchange on school property; etc.)

Useful 1 2 3 4 5 Not Useful

18) Availability of Handguns (such as weapons incidence in schools; concealed weapons permits per capita; gun sales/application per capita; etc.)

Useful 1 2 3 4 5 Not Useful

19) Extreme Economic and Social Deprivation (such as food stamp recipients; temporary assistance to needy families, including child recipients; unemployed persons; persons below poverty rate; students receiving free/reduced lunches; average earned income per worker/household; etc.)

Useful 1 2 3 4 5 Not Useful

20) Family Management and Conflicts (such as divorce rates; victims of child abuse and neglect in accepted referrals, including investigated families, confirmed cases, out of home placements, etc.; parent and child bonding; etc.)

Useful 1 2 3 4 5 Not Useful

21) School Domain Issues (such as low commitment to school/bonding; senior class loss- Freshmen who leave school before their senior year; schools weapons incidents; academic failure/low test scores; students not meeting math and reading standards; educational attainment by adults; etc.)

Useful 1 2 3 4 5 Not Useful

22) Of the 21 Indicators identified above, please identify the TOP FIVE that are important to you in reference to your work in the substance abuse field:

1: _____

2: _____

3: _____

4: _____

5: _____
